1. JURANT requested Charles F. RENNELL on Feb. 6, 1954 to arrange a meeting with him since he had information for him. The meeting was held at 1500 hours 10 Feb. 1954, at the offic of JURRANT.

2. JURANT said:

a. WS BURNT has 2000 militia and 1000 regular troops at JUTIAPA. Special telephone lines have been installed between Headquarters at JUTIAPA and the capital of WS BURNT. The troops are not well led and the DT FROGS government not particularly afraid of the concentration as an invasion threat since the movement was made after publication of the WS BURNT white paper and apparently is a defensive measure against the purported invasion plans of John H. CALLEGERIS.

b. WS BURNT Lt. Col. Juan Pablo GARCIAy GARCIA was in DT FROGS more or less incognito and posing as an exile. JURANT said it was confirmed he is really a WS BURNT agent and in the pay of the WS BURNT government.(JUGATION III reported today a Colonel GARCIA, [redacted], was working in [redacted], in the pay of [redacted])

purportedly a exile but actually

c. Captian Antonio BURAN, another purported WS BURNT exile, was currently employed with the International Harvester Company in DT FROGS. He made a visit to the WS BURNT Military Attache to DT FROGS and thereafter immediately started making contacts among the exile colony. JURANT said it has been confirmed he is in the pay of WS BURNT government.

d. JURANT thereupon deliverd a list of confirmed DT FROGS Communists. He marked with an arrow those considered most dangerous but warned all were confirmed Communists and he would later turn over to us a list of suspects. It will be noted JUGULAR is on the list.

3. JURANT thereupon asked if RENNELL knew anything of the anti-Guatemalan movement in KM FLUSH and WS HOOFS. He said the DT FROGS government had been called upon for assistance from it but did not care to be involved. RENNELL said he had no knowledge of the purported activities. JURANT said DT FROGS did not want to become embarrassed by such groups.

4. JURANT SAID he was interested in learning all he could of Jose Ramon ALMEA, (see reference papagraph-[redacted]414 , #4,d,) since he has been receiving anti-Caracas Convention literature and is strongly suspected of being the contact between Rumulo BETANCOURT and local Communists. He also added BETANCOURT was ~~a very close~~ the closest adviser to Jose FIGUERES. ~~(The Glosses)~~

5. STATION COMMENT:

a. It is hoped the denial RENNELL made(para. 3 above) was not in answer to a question predicated on a request of CALLEGERIS per SSLINC 435, para 3, in that it might conceivably be a factor in a denial of the said request.

b. JURANT was friendly and cooperative much beyond the previous visit. Some data for quick delivery to JURANT on subject of [redacted]414,para 4,d would be helpful in gaining more confidence and establishing a manifest quid pro quo relationship which could be profitable to PB SUCCESS.
